

APRIL

The word "APRIL" is rendered in a bold, blocky, hand-drawn style. The letters are white with thick black outlines. The 'A' has a jagged, irregular shape. The 'P' and 'R' have rounded, bubbly forms. The 'L' is tall and narrow. The text is surrounded by various decorative elements: several teardrop-shaped drips hang from the bottom of the letters; a series of small circles and lines arches over the top; and a vertical sequence of circles and lines is positioned to the right of the 'L'. The overall style is reminiscent of street art or graffiti.
